Given the changing situation in Europe and in our country, we draw attention to the risk of canceling the competition in decisions of force majeure just before the championship itself ... and that we believe in understanding this situation.

In order to avoid an excessive financial risk for the organizers, the WDSF has decided to only allow athletes to participate in competitions during the COVID-19 pandemic if they sign a declaration for each WDSF DanceSport Event that:

- a) In case of sudden cancellation of the competition, they bear all their travel, accommodation, and similar expenses and;
- b) They bear their own responsibility in case they become infected with the virus COVID-19 whether during the competition or in the three weeks after they return from the competition.
